

COMPANY PROFILE

Turn furniture design into a coordinated supply plan.

W.H supplies custom loose furniture and fixed millwork to hotel owners, designers and fit-out contractors. Approved schedules, drawings and samples connect manufacturing, inspection, packing and site coordination.

Manufacturing base aerial · Company materials

1990

Establishment in company records

Approx. 100,000 m²

Manufacturing base in company materials

Two coordinated packages

Loose furniture and fixed millwork

Guangdong Huasheng Furniture Group Co., Ltd.

01 / LOOSE FURNITURE

A package for each hospitality space

Bolai Huanhai Hotel · Guestroom furniture

Club Med Taicang · Dining furniture

Guestrooms & suites

Bed bases, bedside tables, desks, chairs, lounge seating, coffee tables and benches, coordinated with headboards, wardrobes and TV units.

Lobbies & lounges

Sofas, armchairs and side and coffee tables, with comfort, overall dimensions, use intensity and maintenance considered together.

Dining & banquets

Dining tables and chairs, bar seating and banquettes. Coordinate heights, circulation and finishes; agree fixing interfaces for fitted seating.

This profile supports initial discussions. Approved drawings, samples, quotations and the contract define items, materials, quantities, performance, costs and responsibilities.

02 / MILLWORK & MANUFACTURING

Connect joinery details to manufacture and site

Hyatt Zhuhai International Tower · Project joinery

Manufacturing base aerial · Company materials

Scope & interfaces

Agree panels, headboards, cabinets, surrounds and shelves through the schedule. Allocate stone, glass, lighting, MEP and specialist equipment separately.

Development & manufacture

Verify site datums and critical dimensions; approve drawings, construction, hardware and finish samples, then manufacture against item codes and revisions.

Inspection & management systems

Agree inspection items, sampling and release records for the project. Company materials include ISO 9001, ISO 14001 and ISO 45001 management certificates; product tests are separate.

Certificate validity stated: 2025-05-07 to 2028-05-06, subject to certificate conditions. Management certification does not establish destination-specific compliance for every product.

03 / EXPORT DELIVERY

Export delivery: define conditions and responsibilities

Lead time

Schedule after drawings, samples, materials and agreed payment conditions are ready. Confirm production, dispatch, transit and customs separately; no universal day count is stated.

Packing

Agree protection, cushioning, corners, hardware bags, cartons and any frames or pallets. Match labels and packing lists to area and item codes.

FOB port

The usual port is not confirmed. State the named port, rule edition and cost boundaries in the quotation; FCA can be discussed for container handovers.

Wood packaging

Check destination treatment and marks for raw-wood packaging. Assess processed wood and mixed constructions as actually supplied, including ISPM 15 where applicable.

Overseas installation

Installation is not automatically included. Agree instructions, remote support, site supervision or execution separately, including local survey, substrates, lifting, permits and labour.

Receiving & aftercare

Retain cartons, labels, damage photographs and handover records. Warranty, transit damage, parts, insurance and local labour follow the order and agreed responsibilities.

04 / PROJECTS IN PLACE

See the package in real project settings

Bolai Huanhai Hotel

Cambodia | 2026-02

Custom furniture manufacture & supply

Zhuhai International Tower Hyatt Hotel

Zhuhai, Guangdong, China | 2025-12

Custom furniture manufacture & supply

Parry Nursing Home

Singapore | 2026-03

Custom furniture manufacture & supply

Names, dates and scope follow company materials and owner confirmation. Image notes address visible furniture and joinery. Unconfirmed room counts, supply batches and manufacturing durations are omitted. Brand names identify projects and do not imply public endorsement.

Begin with a clear brief

Direct project

Share the country, room types or areas, product scope, target dates and drawing status. Quantities may be to be confirmed.

Overseas partners

For project specialists, distributors, designers and installers: define markets, local capabilities and customer and delivery interfaces first.

China channel partnerships

Fit-out contractors and design practices can discuss manufacture, development and sampling. Agree lead registration, pricing, fees and site roles in writing.
