

OVERSEAS & CROSS-BORDER PROJECTS

Overseas & cross-border project portfolio

Explore four projects in Cambodia, Singapore and Macao, China, through furniture, cabinetry and millwork in place. Recorded scope and visible details support a more informed procurement and development discussion.

Company-supplied project photograph

4 projects

From company project material

Furniture + millwork

Coordinated loose and fixed items

Cross-border delivery

Scope and site interfaces defined

Guangdong Huasheng Furniture Group Co., Ltd.

CASE 01 / PROJECT IN PLACE

Bolai Huanhai Hotel

Cambodia | 2026-02

Custom furniture manufacture & supply

Guestroom · headboard and lounge seating

Living area · curved sofa and coffee table

Visible details & coordination

Furniture responds to daylight or views, while lower pieces limit visual obstruction and connect the interior with the window area.

Development & delivery focus

Map item codes and quantities to room types, keeping approved dimensions, finishes and sample versions consistent for phased handover.

Full project & image-by-image details

Image notes address visible furniture and joinery; agreed records and schedules define actual supply. Brand names identify projects, not public endorsements.

CASE 02 / PROJECT IN PLACE

Parry Nursing Home

Singapore | 2026-03

Custom furniture manufacture & supply

Guestroom

Residential furniture

Visible details & coordination

Sleeping, writing and lounging pieces zone the same room, making bedside, desk and window-side uses distinct.

Development & delivery focus

Coordinate bed width, headboard, bedside height and reading or power positions with bedside circulation and item codes.

Full project & image-by-image details

Image notes address visible furniture and joinery; agreed records and schedules define actual supply. Brand names identify projects, not public endorsements.

CASE 03 / PROJECT IN PLACE

Macao Islands Hospital

Macao, China | 2022-05

Fixed & loose furniture manufacture and supply

Reception setting

Atrium and double-height hall

Visible details & coordination

A curved or turning counter creates a continuous service front, highlighting its outline, lower fascia and end junctions.

Development & delivery focus

Confirm finished surfaces and key site dimensions before developing panel divisions and end junctions, especially for large assemblies.

Image notes address visible furniture and joinery; agreed records and schedules define actual supply. Brand names identify projects, not public endorsements.

CASE 04 / PROJECT IN PLACE

Studio City Water Park, Macao

Macao, China | 2022-05

Fixed & loose furniture manufacture and supply

guestroom sofa and tables

guestroom living area

Visible details & coordination

Tables of different sizes or heights layer the seating group and bring usable surfaces close to the seats.

Development & delivery focus

Review back and arm profiles, seat proportions, seam direction and the sample feel together with the companion tables.

Image notes address visible furniture and joinery; agreed records and schedules define actual supply. Brand names identify projects, not public endorsements.

DELIVERY COORDINATION / NEXT STEP

Begin with a clear brief

Lead time

Schedule after drawings, samples, materials and agreed payment conditions are ready. Confirm production, dispatch, transit and customs separately; no universal day count is stated.

Packing

Agree protection, cushioning, corners, hardware bags, cartons and any frames or pallets. Match labels and packing lists to area and item codes.

Overseas installation

Installation is not automatically included. Agree instructions, remote support, site supervision or execution separately, including local survey, substrates, lifting, permits and labour.

Export & delivery coordination
